SUPPORTING DOCUMENTS

2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences using ICT tools

Response:

ICT tools- PPTs, LCD, Blogs, are extensively used by the teachers to make teaching – learning effective, mostly used during CoVid-19 pandemic. Learning is made student-centric through project work, seminar presentations, and assignments. Following methods have been employed to make learning effective.

The college has strengthened ICT infrastructure by developing ICT enabled laboratories and classrooms by installing LCD projectors and smart boards, by purchasing computers and by strengthening internet facilities (Wi-Fi enabled campus). Theory and practical classes were conducted using ICT tools that made participative learning more effective, especially through interactive teaching, discussion with the students, solving of queries, etc.

The teachers and/or students of the institution used following ICT tools and e-resources during the assessment period (2018-23):

- Laptop, desktops, smart phones
- LCD projectors
- Computers with LAN internet facility
- Wi-Fi facility available campus
- CDs, YouTube and other online videos
- LMS like Webex, Moodle, Zoom, Googlemeet, Google classroom, WhatsApp
- Applications of Google Workspace like Docs, Forms, Sheets, Slides, etc. used with other MS Office applications.
- Online meeting applications like Google Meet, Zoom, Microsoft Teams, etc.
- Examination on Google classroom, Google Forms, etc.
- Quizzes, Google Forms for conduction of quizzes/ examinations

The above-mentioned tools were used for better teaching-learning process including sharing of following e-resources and techniques during the assessment period (2018-23): • Internet facility

- PowerPoint presentations self-created or from online resource databases etc.
- e-journals
- INFLIBNET N-LIST, SGBAU consortia, e-Shod Sindhu, e-PG Patha Shala, national association for blind etc.
- Open-source journals
- e reference books (open source)
- Open-source books

Following activities were conducted as part of participative learning using ICT tools during the assessment period (2018-23):

1. Communication with the students: Social media platforms
2. Regular theory and practical classes
3. Guest lectures/ lecture series
 - a. Curricular: On topics related to the curriculum
 - b. Co-curricular: On topics which are required to be discussed to have better understanding of the subject as a whole
 - c. Extra-curricular: On topics of social, cultural, and sustainable development of the society
4. Short-term skill-based certificate courses
5. Student online seminars
6. Online quiz competitions
7. Online/ offline poster, rangoli competitions
8. Circuit board designing
9. Encouraged students to participate in various competitions organized by other institutions
10. Online cultural event

Following activities were conducted as part of experiential learning using ICT tools during the assessment period (2018-23):

1. Projects for students of post-graduation
2. Excursions/ study tours
3. Short-term skill-based certificate courses
4. Involving students in organization of various events

Following activities were conducted as part of problem solving methodologies using ICT tools during the assessment period (2018-23):

1. Community Outreach Programme for COVID-19 awareness 2.
Extension services like 90 days working in Yoga

About Essay Competitions

Knowledge has become the main wealth of nations, society and people. Hence, investing in research, innovation and education is now the key-leverage for competitiveness and prosperity in country. At the heart and foundation of this challenge, mathematics plays a crucial role as it provides a logically coherent framework to society or mathematical community. The role of mathematical sciences in civilization has been of central importance for centuries. The current trend to a global economy and a knowledge society has placed information and innovation technologies, increasingly dependent on scientific research driven by Mathematics. In order to increase the knowledge of the subject of Mathematics as well as to apply the knowledge gained in Mathematics in all fields, it has been decided to organize an essay competition on some of the topics of Mathematics. The Competition is divided into Junior and Senior divisions.

ABOUT QUIZ COMPETITION

As we know that Mathematics is all about learning numbers and concepts with fun and enjoyment. "Mathematics as an expression of the human mind reflects the active will the contemplative reason and desire for aesthetic perfection". To inculcate the value of facing challenges and expressing their understanding of calculations and equations, a Mathematics Quiz competition is organized for UG and PG students of Department of Mathematics of Sant Gadge Baba Amravati University, Amravati on the eve of 133th Birth Anniversary of India's famous mathematician Srinivasa Ramanujan.

As we all know mathematics improves the reasoning and logical thinking of our students. Through this activity we want to give our students the confidence and ease with age appropriate mathematical operations. Quiz competition is a great way of analyzing how well one understands a subject and correlates the theoretical knowledge with its practical application in real life. It encourages students to stretch their knowledge horizons and look beyond what they are taught in class. Mathematics quiz is an excellent way of finding how well the students understand its concepts, and use them in their regular life. To promote and encourage a fun way of learning among students.

ABOUT SGBAU & DEPARTMENT OF MATHEMATICS
Sant Gadge Baba Amravati University was established on Maharashtra Day, the 1st May, 1983 to cater mostly the educational needs of rural population of western Vidarbha with the vision of creating a human Resource capable of converting challenges into opportunities through imparting training to youth in various aspects of skill development for all dimensions of higher teaching-learning process towards making of the learners; the ideal citizens, the academic leaders and the global entrepreneurs to represent the Leader India in the 21st Century. The university has its jurisdiction within five districts of Vidarbha viz. Amravati, Akola, Yavatmal, Buldana and Washim. It is noteworthy to state that the University has a lush green campus of 447 acres with 29 Teaching Departments, a conducted Model Degree College at Buldana. The University has been re-accredited (3rd Cycle) by NAAC in 2016 with "A" grade (CGPA 3.07). The department of Mathematics was established in 1990 with major objective of promoting Post - Graduate studies and research. The department offers M.Sc. & Ph. D. Programmes. The main trust area of research is Relativity & Cosmology and all till to-date 36 scholars have been obtained their Ph. D. degree. The department has successfully completed two research projects sponsored by the UGC, New Delhi. Eleven students of the department have qualified NET/SET/GATE and one research scholars awarded Ph. D. degree under Inspire Fellowship DST, New Delhi.

ABOUT R. D. I. K. & K. D. College & Department of Mathematics
R. D. I. K. & K. D. College, Badnera Rly., a multi-faculty, grant-in-aid institution, offering UG, PG and Ph. D. programmes, affiliated to Sant Gadge Baba Amravati University, Amravati was started by Vidarbha Youth Welfare Society, Amravati with a vision to make higher education available to the underprivileged sections of society in the vicinity of Badnera Rly. It has three major streams- Arts, Commerce & Science. The competent, efficient, dedicated and well-qualified staffs with the highest academic qualification, a far-sighted visionary management and good infrastructure have contributed to making it an excellent centre of higher education. It has always been the prime focus of the college to provide students the ambience for learning and personality development. The college has been re-accredited by NAAC in 2017 with "B+" grade (CGPA 2.78). The Department of Mathematics was established in the year 1991 with major objective of promoting Under graduate as well as Post - Graduate studies and research. The department offers B. Sc., M.Sc. & Ph. D. Programmes. The main trust area of research is Relativity, Cosmology and Integral Transforms and all till to-date 04 scholars have been obtained their Ph. D. degree. The department has successfully completed two research projects sponsored by the UGC, New Delhi. One student of the department has qualified SET and two research scholars are working under Inspire & JRF Fellowship DST, New Delhi.

CONCEPT OF CONFERENCE
Mathematics is the search for truth and wisdom. It is considered as a backbone of Science & Technology. It has been confirmed that celebrating National Mathematics Day activities from 2012 in India and 2013 all over the world. The objective of this conference is an earnest attempt to create the right interface for the exchange & dissemination of new ideas & techniques among the young researchers in various fields of Mathematical Sciences. The researchers and students will share their knowledge with senior researchers. The conference will provide an opportunity for fruitful interactions amongst workers in different fields of mathematics and those employing mathematics as tool in different fields of knowledge. The program consists of plenary invited talks as well as contributed paper presentations on various aspects of different research areas. An eminent academicians will deliver their plenary talk on recent research trends & skills in mathematics. We feel immense pleasure in inviting you and your associates to participate in the Conference on "Recent Mathematical Innovation & Skills in 21st Century" schedule to be held on Saturday March 27, 2021.

SUB - THEMES

- Analysis
- Dynamical Systems
- Algebra
- Differential Equations
- Mathematical Modeling
- Graph Theory
- Special Functions
- General Relativity & Cosmology
- Mathematical Physics
- Biomathematics
- Integral Transforms & other related topics

CALL FOR RESEARCH PAPERS
Original research papers on any/all aspects of above specified topics are invited along with recorded video presentations of latest abstract. Participants can submit their research papers in MS-Word format in Times New Roman with size 12 pt and line spacing 1.5 not more than 2500 words along with recorded video presentation of latest abstract should reach the organizers by email as earliest. Please send your research papers & recorded video (You Tube link) on rmis2021conf@gmail.com on or before 22nd March, 2021 till 3.00 pm.

WHO CAN APPLY
The conference is multi-disciplinary and interested Faculty Members, Research Scholars, PG students, etc. are eligible to participate. Registration is free. Please register yourself for the conference.

The screenshot shows a YouTube video player for 'IR SPECTROSCOPY' by Bhavana Khobragade. The video content is a slide titled 'Wave Parameters' with the following text:

- Wavelength (λ): The Distance between two successive crests or troughs in a wave.
Units : $1\text{\AA} = 10^{-10}\text{cm}$
 $1\text{nm} = 10^9\text{\AA}$
- Wave Number (ν): Reciprocal of wavelength ($1/\lambda$)
Unit : cm^{-1}
- Frequency (ν): Total number of waves passing through a point in one second
($\nu = c/\lambda$, Where $c = 3 \times 10^{10}\text{cm/s}$)
Units : $1\text{CPS} = 1\text{Hz}$, $10^6\text{Hz} = 1\text{MHz}$
- Energy (E): Entity to do work. ($E = h\nu$ where $h = 6.626 \times 10^{-34}\text{J}$)

Below the slide, it says: Thus $E = h\nu = hc/\lambda = hc\nu$. The video player shows 0 likes, 0 comments, and a share button. The channel name is 'Bhavana ...' with 64 subscribers.
