About Workshop

December 22, the birth anniversary of India's famous mathematician Srinivasa Ramanujan, is celebrated as National Mathematics Day. Srinivasa Ramanujan was born in 22 December 1887 in Erode, Tamil Nadu. At age 12, despite lacking a formal education, he had excelled at trigonometry and developed many theorems by himself. Srinivasa Ramanujan is a name to reckon among pioneers in Mathematics. Srinivasa Ramanujan became a Fellow of the prestigious Royal Society in 1918. Though he passed away aged just 32, his talent and research left an indelible mark on Mathematics. The loss of Ramanujan at such a young age was certainly a blow to the scientific community.

So to develop Mathematical and Analytical temperament, Problem solving skills and positive attitude towards learning the Mathematics among the students our University has started a program of National Mathematics Day from 2012 for the Development of Mathematical culture in our region. To prepare the students for competitive examinations such as NET and SET this workshop has been organised. The organisation of this workshop has been a regular activity on National Mathematics Day since last 5 years by Department of Mathematics Sant Gadge Baba Amravati University, Amravati in collaboration with various colleges. During the National Mathematics Day celebration we are organising web National Conference, National workshop as well as Essay competition and Quiz competition for P.G. Mathematics students of various colleges of Sant Gadge Baba Amravati University, Amravati.

About Essay Competitions

Knowledge has become the main wealth of nations, society and people. Hence, investing in research, innovation and education is now the key-leverage for competitiveness and prosperity in country. At the heart and foundation of this challenge, mathematics plays a crucial role as it provides a logically coherent framework to society or mathematical community. The role of mathematical sciences in civilization has been of central importance for centuries. The current trend to a global economy and a knowledge society has placed information and innovation technologies, increasingly dependent on scientific research driven by Mathematics. In order to increase the knowledge of the subject of Mathematics as well as to apply the knowledge gained in Mathematics in all fields, it has been decided to organize an essay competition on some of the topics of Mathematics. The Competition is divided into Junior and Senior divisions.

ABOUT QUIZ COMPETITION

As we know that Mathematics is all about learning numbers and concepts with fun and enjoyment. "Mathematics as an expression of the human mind reflects the active will the contemplative reason and desire for aesthetic perfection". To inculcate the value of facing challenges and expressing their understanding of calculations and equations, a Mathematics Quiz competition is organized for UG and PG students of Department of Mathematics of Sant Gadge Baba Amravati University, Amravati on the eve of 133th Birth Anniversary of India's famous mathematician Srinivasa Ramanujan.

As we all know mathematics improves the reasoning and logical thinking of our students. Through this activity we want to give our students the confidence and ease with age appropriate mathematical operations. Quiz competition is a great way of analyzing how well one understands a subject and correlates the theoretical knowledge with its practical application in real life. It encourages students to stretch their knowledge horizons and look beyond what they are taught in class. Mathematics quiz is an excellent way of finding how well the students understand its concepts, and use them in their regular life. To promote and encourage a fun way of learning among students.
